MEMORANDUM FOR: Mr. Robert M. Macy
Bureau of the Budget

SUBJECT : Budgetary Analysis of Intelligence Programs

1. In response to your 17 November 1953 request for advice and assistance from the Intelligence Advisory Committee in the development of a more adequate budgetary analysis of U. S. intelligence programs and more specifically in the formulation of a categorized approach to budgetary analysis, there is attached a suggested initial listing of categories to accomplish these purposes.

2. In keeping with the understanding reached at the IAC meeting at which you were present, internal security programs are excluded from the categories as they will be excluded from the analysis.

3. Based on informal consultation, it is my understanding that you believe these categories will be suitable to assist you, at least in the initial stages, to achieve the objectives outlined by you on 17 November to the IAC.

4. As the survey proceeds, the Bureau should feel free to call upon the IAC for additional assistance, as appropriate. It would be appreciated if the Bureau's findings would be made available to the IAC.
